Dale Ralph Davis commentaries on Joshua and Judges (Christian Focus series) are both excellent.

George M. Schwab, “Right in their own eyes”, is part of the brilliant series, “The Gospel According to…” series.

Finally, if you are struggling with some of the morality of the Old Testament (including God’s commands to wipe out whole nations in Joshua) then “Is God a moral monster?” by Paul Copan might help you. It is quite academic so be prepared to work hard, but the rewards will be worth it.

April & May 2025 – 1 & 2 Samuel

Our favorite preacher on the history books is Dale Ralph Davis. This is his sermon series:

His commentaries are very easy to read:

They're currently £12 for both on 10 of those!

Our friends at Widcombe Baptist also did a short series in Samuel

Tim Chester has written a great little commentary on the Samuels
